If tournament rules differ, then teams would adhere to the tournament rules.

### CONTACT ON/OFF BALL

**A) Defensive players may occupy a space to prevent an offensive player from entering. The defensive player may place their stick on an opponent, but they are not to apply a forceful crosscheck with the stick. (Shadow Defense - arms out and ready to direct - steer/push).**

**B) Any offensive player (including ball carrier) who deliberately charged directly at a defensive player may be assessed a charging penalty.**

**C) There is to be no body-checking.**

**D) A defensive player may check an offensive player by placing their stick head on an opposing players stick head.**

**Fall Back Rule - Local Lacrosse associations may incorporate the fall back rule at the HL level. This applies when the ball is with the goalkeeper. All defensive players must enter the neutral zone. Once the defensive players are in the neutral zone, they are free to go wherever they want. The goalie must pass to one of the offensive players.**

**On Ball - Checking**

**Off-Ball - Arms extended Shadowing (pushing to direct, contain)**

## 6.8.5 EXPULSIONS:

Administration of five penalties to a player - Any player/goalkeeper who is assessed five penalties in the same game shall be expelled from playing the balance of the game.

Delayed penalties cancelled by goals or penalty shots shall be recorded on the official score sheet and count toward the five penalty limit.

Infractions that cause a penalty shot to be awarded that result in assessing a major penalty shall count toward the five-penalty limit.

Supporting Documentation for Penalty Administration will be distributed to the Member Associations in a separate document.

UPDATED MAY 2024

U17 and Up

- Conformity measurements will be conducted.
- Category 3 and NLL pads are permitted.
- Pads must conform to the legs and upper body.
- An LC Approved Caliper will be used for measurements.

U15 and Below

- For Category 3 pads, a valid exemption form must be present.
- If no exemption form is available and a call is made, the goaltender will be measured for both height and pad conformity while wearing full equipment, including footwear.
- If an exemption form is present and a call is made, the goaltender will be measured for conformity only.

Exemptions

Goaltenders must carry their exemption paperwork at all times.

Tournaments

Rules for National Championships

These rules apply to all National tournaments, including minor competitions.

**Lacrosse Canada Penalty Administration Guidelines**  
**SECTION 9.1 ADMINISTRATION OF COINCIDENTAL PENALTIES**

- i) Cancel as many penalties as possible.
- ii) If possible, cancel in a way to make the on-floor situation such that one team will play full strength and the other team is only one player short.
- iii) If possible, cancel in a way to avoid taking an extra player off the floor.
- iv) All major coincidental penalties with matching minors are offsetting.  
Substitute off the bench to the floor for the coincidentally penalized players.  
There is no time on the penalty clocks for the coincidental penalties.
- v) All major coincidental penalties with non-matching minors require substitution in the penalty box for the non-matching minor penalty.
- vi) First in first out principle is used such that the player with the least amount of penalty time is released first.
- vii) When a player receives a minor and major, they will serve the minor first.
- viii) If a goal has been allocated to a major you must continue to allocate to the major.
- ix) Penalty shots - allocate a penalty shot goal scored to the player with the least amount of time remaining on their minor penalty or one goal off the major penalty with the least amount of time remaining.  
**TWO PLAYERS DOWN AND ADDITIONAL PENALTY TO THIRD PLAYER** - If a team is already two (2) players down from full strength and is assessed as an additional time penalty to a third player, the non-offending team shall be awarded a penalty shot. Regardless of the outcome of the penalty shot, the floor strength will remain as it was prior to the penalty shot. The team that received the third timeserving penalty will begin play after the penalty shot, two players down from full strength. Third player serves penalty time in the box and releases the following player from the penalty box prior to the penalty shot. Release the player with the least amount of penalty time on a minor or one goal attached to a major penalty.
- x) Player receiving a major penalty will serve the penalty time in its entirety. The player is released upon expiry of the full penalty time, on the next non-technical stoppage of play. If two goals are scored on the major then the team may substitute a player from the team's player bench onto the floor. The substitute player shall serve Goalkeepers major penalties.
- xi) If a player who has incurred penalty time that results in a substitute from the bench serving a portion of their time then the penalized player will only remain in the penalty box for the balance of time the sub is not serving. The substitute player always serves shorter time or equal time compared to the penalized player and the substitute player always returns to the floor before or at the same time as the penalized player. The substitute player never stays in the penalty box longer than the penalized player.
- xii) Match penalties – substitute must serve the penalty time. The substitute serves the full time regardless of the number of goals scored.
- xiii) A minor penalty is released when the penalized team is playing short-handed and a goal is scored against them.
- xiv) The designated in-home may be any runner on the team. A goalkeeper cannot be designated as the in-home. The in-home player will serve any non-designated player penalty, bench minor, or minor and major penalty to the goalkeeper.

# FAQ

PLEASE NOTE THAT ANY UPDATES THAT MUST BE REFLECTED IN THIS SEASON OUTSIDE OF WHAT WAS ALREADY COMMUNICATED, WILL BE SENT TO TECHNICAL STAFF AND EXECUTIVE DIRECTORS IN A MEMO FOR IMMEDIATE CIRCULATION.

## **What rules are being implemented in the 2026 Season?**

We will be adhering to all World Box Lacrosse Rules in 2026 with the exception of lines for faceoffs, Player helmets which will still require 4 points of contact, Period Length and Net size. All components will be reviewed by our Working Group in collaboration with players, coaches and officials across Canada throughout the 2026 Calendar Year.

## **Are wooden sticks permitted?**

Yes, wooden sticks will be permitted for the 2026 calendar year unless otherwise stated in a league or tournament technical package/contract. Player sticks will still need to meet the specifications outlined in this document.

## **Is there 10 seconds to get over half during penalties in minor lacrosse?**

Yes, we do have a timer for Minor Lacrosse U17 and under to get the ball over half during a penalty. Over and back exists when short handed U11 and up.

## **Are crease dives permitted?**

Yes, crease dives are permitted starting in U15, however the cylinder no longer exists in U9 and above.

## **Is contact changing on and off of ball?**

Yes, we are making a small adjustment to the contact to ensure the consistency and safety of our athletes.

All contact must be directed at elbow height. On Ball - Checking is permitted.

Off-Ball - Arms extended Shadowing (pushing to direct, contain)

\*No Off-Ball Forceful Cross Checks in U15 and below.

The rationale behind this change is to ensure that we are developing the technical skills and tactical implementation of appropriate defense. We are building awareness to not only the 'mark' but also where the ball carrier is in relation to defensive positioning. This will become a point of emphasis with our Master Coach Developers and Officials entering the 2026 season.

## **Faceoff Lines**

We will be permitting what already exists for our Members in 2026. However National Championships will adhere to the World Lacrosse lineups in Nova Scotia. Rollout will begin in 2027 for World Lacrosse Lines to be implemented.
